1. AIMS AND PURPOSE

This policy sets out the mechanisms and processes for promoting good attendance within EMAT schools and settings. Fundamentally, we believe strong partnerships with parents, carers and pupils is the key ingredient. Regular school attendance is essential if pupils are to achieve their full potential. Orchard Academy believes that regular school attendance is the key to enabling pupils to maximise the educational opportunities available to them and become resilient, confident and competent young people who can realise their full potential and make a positive contribution to their community. If pupils do not attend school regularly, they will not be able to take full advantage of the educational opportunities available to them. Research shows undisputable links between pupil outcomes, qualifications and future success. Every young person is entitled to an education and absence from school means lost learning and sometimes can also be a warning sign for a range of safeguarding issues.

Attendance is an essential foundation for positive outcomes for all pupils and the responsibility of everyone.

We expect all our pupil's attendance to be 96% or above and we are committed to working proactively to help and support parents/carers and pupils to achieve this. Most pupils attend well and we will work with families to identify the reasons if attendance is low and try to resolve any difficulties. We regard attendance lower than 96% as unsatisfactory. If you take your child out of school for an accumulative total of 5 days or more (10 sessions) over a period of 10 school weeks, the school will deem this as irregular attendance and will contact parents/carers in accordance with the process described below in section 13, including possible referral to the local authority for consideration of legal action.

2. LEGISLATION AND STATUTORY GUIDANCE

This policy is based on the DfE's statutory guidance on [Working together to improve school attendance](#) and [School attendance parental responsibility measures](#), and local guidance from the Milton Keynes Safeguarding Children Partnership. The guidance is based on the following pieces of legislation, which set out the legal powers and duties that govern school attendance:

- › Part 6 of the [Education Act 1996](#)
- › Part 7 of the [Education and Inspections Act 2006](#)
- › [The School Attendance \(Pupil Registration\) \(England\) Regulations 2024](#)
- › <https://www.legislation.gov.uk/ukxi/2006/1751/contents>[The Education \(Penalty Notices\) \(England\) \(Amendment\) Regulations 2013](#)
- › The [Equality Act 2010](#)

<https://www.legislation.gov.uk/ukxi/2013/757/regulation/2/made> It also refers to:

- › [School census guidance](#)
- › [Keeping Children Safe in Education](#)
- › [Mental health issues affecting a pupil's attendance: guidance for schools](#)
- › [Ofsted's 2025 framework toolkit](#)

This Attendance Policy should not be viewed in isolation. It is a strand that runs through all aspects of school improvement and links closely to other school policies and procedures.

3. GENERAL PRINCIPLES

Our commitment is to ensure every child achieves and becomes the best they can be. This means we seek to work with parents/carers to ensure that their children attend school and receive the full-time education suitable to their age, ability and aptitude.

A child is of compulsory school age at the beginning of the term following their 5th birthday. A child ceases to be of compulsory school age on the last Friday in June of the academic year in which they reach the age of 16. Under the Education Act 1996, the local authority has a statutory responsibility to ensure that parents/carers secure education for children of compulsory school age and where necessary, use legal enforcement.

The School Attendance (Pupil Registration) (England) Regulations 2024, require schools to take an attendance register twice a day, once at the start of the morning session and again during the afternoon session.

The register must record whether the pupil was:

- present
- absent
- present at approved educational activity; or
- unable to attend due to exceptional circumstances.

4. PROMOTING GOOD ATTENDANCE

The school recognises that good attendance is not only the responsibility of the individual pupil but the entire school community. We actively promote the benefits of good attendance through the following methods:

- Whole school approach: attendance is celebrated at every level of the school, from assemblies to classrooms, where positive role models are recognised.
- Rewards and incentives: pupils with 100% attendance for each term will be awarded certificates, and those with significant improvements in their attendance will be acknowledged in school-wide assemblies and communications.
- Parental engagement: we aim to foster strong partnerships with parents/carers by regularly sharing attendance data, providing clear expectations for attendance and offering guidance on how to support their child's school attendance.

4.1 Engagement with families and overcoming barriers to attendance

The school is committed to working closely with families to understand and remove barriers to regular attendance. We aim to build positive, respectful relationships with parents and carers, ensuring that any concerns regarding attendance are addressed early and sensitively.

If patterns of absence emerge, the school will:

- Work collaboratively with families to identify the root causes of absences, offering support through additional interventions, if necessary.
- Provide clear communication about the importance of regular school attendance and the potential long-term effects of absence on a child's learning and development.
- Where appropriate, make referrals to external agencies that can provide additional support for the family or pupil, ensuring the whole family is supported.

4.2 Support for vulnerable pupils including pupils with SEND

The school acknowledges that some pupils face additional challenges in attending school regularly. These include pupils with Special Educational Needs and Disabilities (SEND), health issues, those who are Looked After, are subject to a Child Protection Plan (CP) or Children in Need (CIN) or have a Social Worker.

For these pupils, we will:

- Provide relevant tailored support through early intervention strategies, which may include additional pastoral support, flexible timetabling, and access to mental health services where needed.
- Monitor attendance closely, using data to identify patterns and offer support as soon as attendance becomes a concern.
- Collaborate with external agencies, including local authorities, to ensure pupils have access to the services they require, including mental health support, counselling, or alternative educational provision if necessary.

We prioritise pupils who are identified as vulnerable. Any unexplained absence will be followed up immediately by a telephone call to the pupil's home, a home visit by staff or if relevant, a call to the local authority duty line and/or any other relevant agencies in order that a same-day visit can be made. If no improvement is made in attendance after the initial follow-up, we will collaborate with **external agencies**, such as **social services**, to assess the child's well-being and provide additional resources for support

4.3 Support Systems

We recognise that poor attendance or punctuality can be an indication of other issues in a pupil's life. This may be related to problems at home and/or in school. Parents/carers should make the school aware of any difficulties or changes that may affect their child's attendance and/or behaviour in school, for example, bereavement, divorce/separation or incidents of domestic abuse. This will help the school identify any additional support that may be required and draw upon a range of strategies to support improved attendance (see appendix C). These include:

- Discussion with parents/carers and pupils
- Convening attendance panels
- Attendance contracts
- Attendance report cards
- Referrals to support agencies (Early Help)
- Additional learning support
- Pupil voice activities
- Friendship groups
- PSHE support

- Family learning
- Reward systems
- Time limited, part-time timetables (exceptional circumstances)
- Reintegration support

All support offered to families is pupil-centred and planned in collaboration and agreement with parents/carers and pupils. Where parents/carers decline to engage with support offered and further unauthorised absence occurs, the school will consider the use of legal sanctions.

5. WHY ATTENDANCE MATTERS

We monitor all pupils' attendance closely and report pupils' attendance and absence levels to parents and carers on a regular basis, including weekly updates by text or email (see appendix F). This includes the amount of time missed and the impact on the pupil's learning:

Percentage Attendance	Number of days absence	Lost learning time	What happens?
Pupils with attendance 100%	0	0	Maximised chance of success. School implements rewards.
Pupils with attendance 99 – 96%	2 to 8 days	10 to 30 hours	Satisfactory level of attendance, taking account of genuine illness or other authorised circumstances. School implements rewards for <i>termly</i> 100% attendance
Pupils with attendance 95 – 91%	7.5 to 17 days	37.5 to 80 hours	Unsatisfactory attendance. Early targeted intervention put in place. Parents'/carers informed of low or declining attendance and next steps of <i>Partnership Process to Improve Attendance</i> (see section 13 below).
Pupils with attendance below 90%: persistent absence	19 days or more across the year	95 hours or more	<i>Partnership Process to Improve Attendance</i> . (see section 13 below).
Pupils with attendance below 80%: very concerning absence	38 days or more across the year	190 hours or more	<i>Partnership Process to Improve Attendance</i> (see section 13 below).
Pupils with attendance below 50%: severe absence	95 days across the whole year	475 hours or more	<i>Partnership Process to Improve Attendance</i> (see section 13 below).

6. REPORTING AN ABSENCE

Parents/carers must advise the school by telephone on **01908 735882** on each day of each absence **8.30am**, providing the reason for the child's absence and expected date of return.

7. REQUESTING LEAVE IN TERM TIME

Parents/carers may request an authorised absence during term time, but only in the event of **exceptional circumstances** (see Section 8). Parents/carers must provide **in advance, a written request to the Headteacher** using the ***Term Time Absence Request Form*** (See Appendix A).

- Only **exceptional circumstances** warrant an authorised leave of absence. We consider each request individually, taking into account the specific facts and circumstances and relevant context of each request.
- Holiday requests are not authorised.
- All requests for term time absence will be responded to in writing, outlining whether the request for absence has been granted.
- Retrospective requests for a term time absences will not be considered and therefore will result in the absence being categorised as unauthorised.
- If permission for a term-time absence is not granted and the parent/carer takes their child out of school the absence will be recorded as unauthorised. In such cases, the school may refer the absence to the local authority who may issue a Fixed Penalty Notice or consider other legal sanctions including prosecution in the Magistrates' Court.
- If a pupil fails to return to school within any agreed authorised absence and contact with the parents/carers has not been made or received, the school may remove the pupil from the school's roll in compliance with the School Attendance (Pupil Registration) (England) Regulations 2024. This means that the child will lose their school place.

8. CATEGORISING AUTHORISED ABSENCE

Where a pupil of compulsory school age is recorded as absent, the register must show whether the absence is **authorised** or **unauthorised**. Absence can only be authorised by the Headteacher and cannot be authorised by parents/carers. All absences are treated as unauthorised unless a legitimate (see below) explanation for a pupil's absence has been received and confirmed.

The school will authorise a leave of absence only where there are exceptional circumstances. All requests for absence are judged individually, taking into consideration the specific facts and circumstances and relevant background context for each request. Where a leave of absence is granted, the school will determine the number of days a pupil can be absent from school. A leave of absence is granted entirely at the school's discretion.

The Department for Education (DfE) provides guidelines on **authorised absence** and outlines specific **exceptional circumstances** under which schools can consider granting an absence. Exceptional circumstances include:

- **Illness:**
Absence due to illness is authorised, but medical evidence (e.g. a doctor's note, appointment cards, or prescription details) if the illness lasts more than a few days or is recurrent is required.
- **Medical or dental Appointments:**
Pupils may be allowed to leave school for medical or dental appointments. However, parents/carers are encouraged to make appointments outside of school hours. If that's not possible, the pupil should attend school for part of the day. Appointment cards or letters are required to authorise the absence.

- **Bereavement:**

If there is a family bereavement, the school may authorise the absence. The length of time will depend on the individual circumstances (e.g., the death of a close family member). The school may request proof of the event.

- **Religious observance:**

Absences for religious observances are authorised under specific conditions. If a pupil's religious observance falls on a school day, the school will consider the absence as authorised for the day observance in accordance with the Department for Education's guidelines as long as it is a recognised religious event. Parents/carers should submit a *Term-Time Absence Request Form* at least **5 school days in advance** for any absences related to religious observances.

Authorisation of absence for religious observance will be considered for a **maximum of one day**, when the parent/carers' religious body has set the day apart for religious observance (not the parent/carer themselves). If a religious body sets apart a single day for a religious observance and the parents/carers applies for more than one day, the school will likely only authorise one day. Additional time could only be considered at the school's discretion under 'Exceptional circumstances'.

- **Exceptional family circumstances:**

The school may authorise absence for exceptional family reasons, such as a **wedding** or a **significant family event** that cannot be rescheduled outside of term time. However, these types of absences will be considered **on a case-by-case basis**, and we will request evidence to justify the absence.

- **Severe weather or unavoidable travel Issues:**

Adverse weather conditions or other unavoidable travel disruptions such as floods, snow, strikes, that prevent pupils from attending school can be considered legitimate reasons for absence. The school will make efforts to record these instances and will not automatically penalise students for circumstances beyond their control.

- **Public examinations and external educational visits:**

Absences for public exams or external educational activities such as competitions, concerts, or study visits that have been pre-approved by the school may be authorised. The school will check that such activities are recorded and that they align with the overall curriculum or educational goals.

Absence will not be authorised unless parents/carers provide a satisfactory reason and explanation in advance, using the *Term Time Absence Request Form*, that has been accepted as such by the Headteacher.

9. CATEGORISING UNAUTHORISED ABSENCE

Examples of **unsatisfactory** reasons **that will not be authorised** include:

- Holidays during term time: In accordance with DfE guidance, we do not authorise holidays during term time unless there are very specific exceptional circumstances, such as a parent/carer being in the armed forces or the family needing to attend a funeral abroad
- Minor illnesses where the child is considered well enough to attend school. The school will request medical evidence if the absence is for frequent minor illnesses (e.g., colds, headaches) that impact a pupil's regular attendance
- A pupil's/family member's birthday
- Shopping or family errands e.g. shopping for uniform.
- Shopping for uniform or any other shopping activities
- Having a hair cut
- Closure of a sibling's school for training days or other purposes
- 'Couldn't get up'
- Looking after a family member.

Any days taken outside those agreed will be recorded as unauthorised. If a *Term Time Absence Request Form* is not submitted, the absence will be recorded as unauthorised. Where necessary, to support its decision, the school will liaise with, and seek advice from, relevant local religious bodies.

9.1 Absence and attendance codes

Attendance codes are assigned to each pupil's record, detailing whether any absences are authorised or unauthorised. These codes are used for government statistics and to support future decision-making on pupil support and interventions

National absence and attendance codes enable schools to record and monitor attendance and absence in a consistent way and comply with regulations. They are also used for collecting statistics through our school census system. This data helps schools, trusts, local authorities and the Government to gain a greater understanding of the level of, and the reasons for absence.

Details of the attendance codes can be found in Appendix B and Government guidance (*Working together to improve school attendance*) regarding school attendance can be found by clicking the following link: [Guidance on attendance codes \(Pages 76 – 92\)](#)

10. PUNCTUALITY AND LATE ARRIVAL TO SCHOOL

Good punctuality is essential to ensure pupils are ready to start each school day and learn. Lateness to school or poor punctuality negatively impacts pupils' learning.

- If a pupil is late by 5 minutes each day, over an academic year this is equivalent to three whole days of lost learning.
- 10 minutes lateness is equal to six and a half days, and
- 15 minutes, 10 days of lost learning.

10 days is 50 hours of lost learning, and this can seriously impact a pupil's achievement and ultimately, life chances. Good timekeeping is also a very important life skill. We expect parents/carers to ensure their children arrive on time. Poor punctuality not only disrupts your child's learning but the learning

of others. It is for these reasons we take punctuality very seriously. Lateness to school is not acceptable.

Pupils are expected to arrive on time however, **we encourage all pupils to arrive to school 15 minutes before school begins** so that they are in their classroom ready to learn.

Registration begins at the following times for our pupils:

- 8.35am for all pupils

Registration is completed by a member of staff and pupils are given a code to show their attendance status (see Appendix B).

- **The register closes 30 minutes after school begins** for all pupils. All pupil absence codes are checked by the school Attendance Officer and the School and all pupils on site are accounted for by 09:00. If a pupil is absent and no reason has been provided, we will call the parent/carer. This begins at 9.00am. *Please note – children that attend Aspen have a different arrangement for lateness.*
- Pupils who arrive before the registers have closed are marked as ‘Late’ on the registers (coded ‘L’).
- Pupils who arrive after the registers have closed will be recorded as ‘U’ which is a half-day **unauthorised** absence.
- Any pupil arriving late must immediately report to the school office to ensure they are registered correctly and staff are aware the pupil has arrived.
- Statutory action, as outlined in section 15, may be taken where appropriate. Lateness will only be authorised if a satisfactory explanation and evidence for the late arrival is provided, for example, attendance at a medical appointment.
- Due to the importance of punctuality, all pupils who arrive late to school will be issued with a late mark. This is also monitored by our attendance officer. (please see the behaviour and attitudes policy for more details).

11. INTERNAL TRUANCY

- All pupils are expected to attend lessons as set out on their individual timetables. If a pupil does not attend each lesson the teacher will mark the register with an absent mark (N).
- All teaching staff ensure that registers are recorded accurately and will change the absence (N) to a late mark (L) if a child arrives after the register is taken. A comment will be recorded as an attendance comment on Arbor as to why they are late.
- The Attendance Team monitor and track all ‘N’ marks to lessons. They will analyse patterns of attendance to see if a pupil has been absent since the start of the school day (this will be picked up by the first-day response team) or if they have been attending other lessons and are absent for just one lesson during the school day. This would indicate possible internal truancy.
- The Attendance Team will locate in the school site, any pupils who are absent to lessons but were registered at the start of the school day and liaise with heads of year, the mental health hub staff and other school teams.
- Truancy will be dealt with through the behaviour policy. Please see the behaviour policy for more details.

If a pupil cannot be located

- In the event that an absent pupil cannot be located following the checks made by the Attendance Team, a member of the safeguarding team will be notified that the pupil is missing. The safeguarding team will liaise with the parent/carer by telephone to inform them that their child has not attended their class and cannot be located in the school. This telephone call is not to alarm the parent/carer, but to identify if there are any reasons for the absence, and to clarify the next steps to ensure the pupil's safety. Where necessary, the police and/or other agencies will be contacted to support in locating the pupil. When the missing pupil is located, a phone call will be made to notify the parent or carer by the same member of staff who made the original call, and clarify with the parent/carer, the next steps in response to the pupil's absence.

12. PERSISTENT AND SEVERE ABSENCE

12.1. Persistent Absence

A pupil has persistent absence (PA) if attendance falls below 90%. When a pupil misses 10% or more of school this is equivalent to 1 day or more a fortnight across a full school year. We will put additional targeted support in place for pupils who are persistently absent.

12.2. Severe Absence

A pupil has severe absence if attendance falls below 50%. Pupils who are absent from school more than they are present are identified as severely absent pupils. These pupils will very likely find it more difficult to be in school due to significant barriers to regular attendance and as such, we will provide more intensive, targeted support and an agreed joint approach with parents/carers, local authorities and where necessary, work with additional partners and agencies. All partners will work together, including specific support with attendance, including where relevant a whole family plan, or, for example, possible consideration for an education, health and care plan or an alternative form of educational provision, but only if this is most appropriate to a pupil's needs.

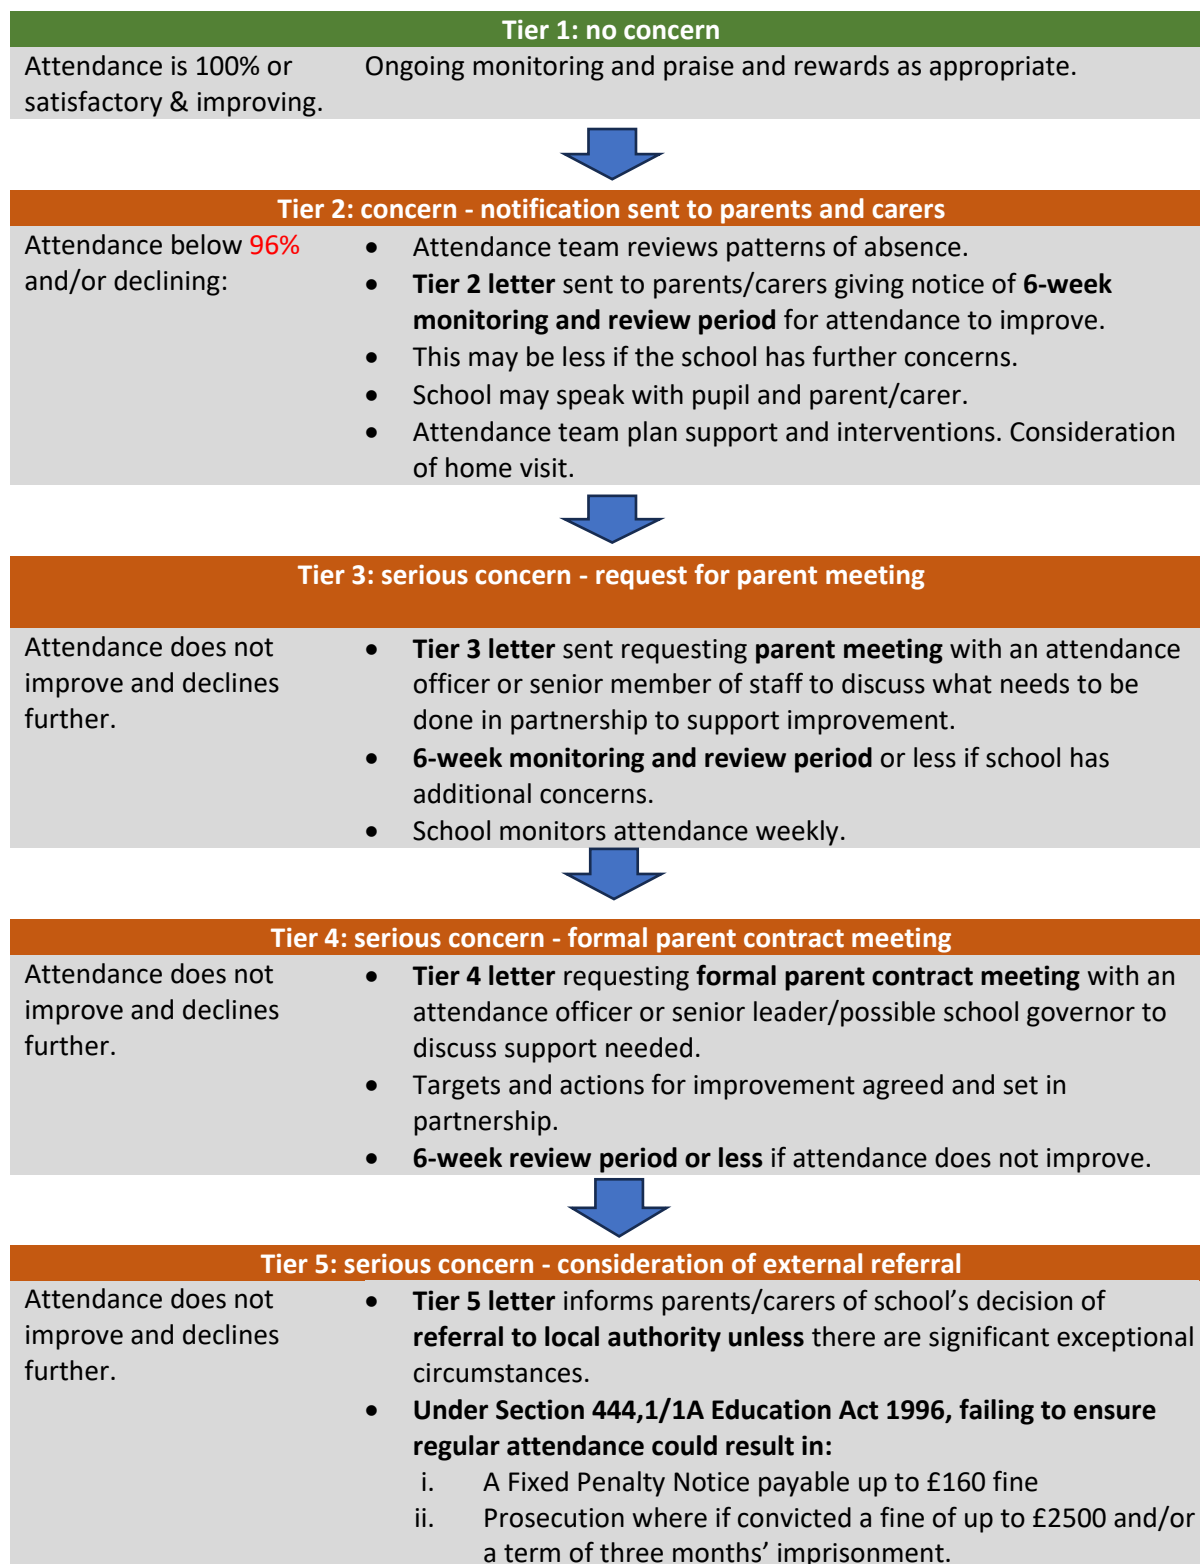

We will work with the local authority's School Attendance Support Team to identify, discuss, and agree joint targeted actions for pupils who are persistently or severely absent and those at risk of becoming so. This will include agreeing what support the local authority will provide and the involvement of any other relevant statutory or voluntary services.

Parents/carers should do everything possible to encourage all school-age children to attend. If there are any school based factors such as difficulty with work or relationships with peers, please discuss this with the school at the earliest opportunity and the school will do everything possible to resolve the problem.

School refusal/school phobia is a psychological condition that has been medically diagnosed. Other arrangements may be put in place for a child with a genuine school phobia diagnosis and referrals to external agencies will be sought to support the pupil in receiving their education.

13. PARTNERSHIP PROCESS TO IMPROVE ATTENDANCE

The school reviews attendance carefully and if a pupil's attendance is unsatisfactory and/or declining or a pupil is persistently absent, we will notify parents/carers in accordance with our *Partnership Process to Improve Attendance*. Any pupil whose attendance is below 96% is a concern and this is the process for how we will work with parents/carers to ensure good attendance:

In the large majority of cases of low or declining attendance, the working in partnership process resolves reasons and barriers for unsatisfactory attendance and improvement is seen. At each stage of the process above, we will inform parents/carers of the next steps (see appendix D, letter templates).

14. ABSENCE PROCEDURES: SCHOOL ACTIONS

Reasons for absence must always be reported by parents/carers. If a pupil gives a reason for an unauthorised absence, the Attendance Officer will contact the parent/carer to discuss the reason for the absence.

- If a pupil is marked absent when registration opens and this has not been reported by parents/carers by the expected time (see above), the Attendance Team will make a telephone call to the parent/carer on the same day to clarify the reasons for the absence and ensure the absence of a pupil is made known to the parent/carer (see appendix E).
- If contact is not able to be made by phone, contact will be made by text message and followed up with a further phone call.
- If a pupil is deemed to be vulnerable and we have not had a response, we will make a home visit and inform the relevant agencies as appropriate (Police, Social Care etc). For vulnerable pupils, daily home visits will be made on the first day of absence and any subsequent days of absence.
- If a pupil is absent for **three or more consecutive days** and it has not been possible to make contact with the parent/carer, a home visit will be made no later than the third day of absence and any subsequent days of absence until contact is made.
- For any pupil who is absent without explanation and contact is not able to be made, advice may be sought from the local authority in order that further investigations can be made. Police and/or other relevant external agencies may also be notified where the school has concerns.
- In the event of a pupil's absence where contact has been made with the parent/carer, a home visit will be made no later than the fifth day of absence and at regular intervals until no later than the 10th day of continuous absence. For any pupil, Police and/or other relevant external agencies may also be notified where the school has concerns.

Where there are any unexplained or unauthorised absences, the school will contact parents/carers for more information. The school analyses patterns of attendance of all pupils carefully. Where there is a pattern of unauthorised absence, for example on particular days or children being absent from education for prolonged periods and/or on repeat occasions, the school will contact parents/carers to discuss the reasons for this and school systems that could support the family and/or the pupil with their attendance. If we have concerns and attendance does not improve, we will follow the *Partnership Process to Improve Attendance*.

Child Missing in Education

A Child Missing in Education (CME) referral will be made by the Attendance Officer where the following criteria applies:

- A pupil has been absent from school for a period of 10 consecutive school days
- The absence was unauthorised
- The school has not been able to contact the parents/carers

- The family do not appear to be living at the home address.

The school will take disciplinary action against any pupils discovered to be truanting. Truancy includes a pupil absconding from lessons and/or absconding from school. In the event of truancy, parents/carers will be contacted to discuss possible reasons and school systems that could support the family and child to reduce the risk of further absence and ensure the pupil's safety.

15. LEGAL INTERVENTION

Where voluntary support has not been effective and/or has not been engaged with, we will work with the local authority to put formal support in place in the form of an attendance contract or an education supervision order. Where support has not been successful or engaged with, this could result in the issue of a fixed penalty notice or intensified support through statutory children's social care involvement. Where there are safeguarding concerns, the local authority may decide to prosecute parents/carers where all other routes have failed or are not deemed appropriate. This could include making the case for a community or parenting order where the parent/carer is convicted to secure engagement with support.

15.1 Fixed Penalty Notices

National threshold

In cases of continued unauthorised absence, the school will consider referral of issuing **Penalty Notices**. These will be in line with the **National Framework for Penalty Notices**.

The local authority will consider issuing penalty notice if a pupil accumulates 10 sessions (5 days) of unauthorised absence within a rolling 10 school week period. These sessions do not need to be consecutive and can be made up of a combination of any type of unauthorised absence. The 10 school week period can span different terms or school years.

The school will take all reasonable steps as detailed in this policy and our *Partnership Process to Improve Attendance* to encourage improvement before resorting to legal action, but failure to engage with the policy may lead to these consequences.

- First Offence

The first time a Penalty Notice is issued for unauthorised absence the amount will be £80 per parent/carer, per child if paid within 21 days. Increasing to £160 per parent/carer, per child if paid within 28 days. Any non-payment of the Penalty Notice may be referred to the Magistrates Court.

- Second Offence

The second time a Penalty Notice is issued for unauthorised absence the amount will be £160 per parent/carer, per child if paid within 28 days. Any non-payment of the Penalty Notice may be referred to the Magistrates Court.

- Third Offence and any Further Offences (within 3 years)

The third time an offence is committed within 3 years, a Penalty Notice will not be issued and the case could be presented straight to the Magistrate's Court. This may result in prosecution under s444(1) Education Act 1996, where if convicted may result in a fine of up to £1,000, or prosecution

under s444(1A) Education Act 1996, where if convicted you may be fined up to £2,500 and /or 3 months imprisonment.

If the School Attendance Support Service is already moving towards a prosecution relating to ongoing unauthorised absence and the pupil has unauthorised leave of absence, no Penalty Notice should be issued for this, and the unauthorised absence should be included in the prosecution period.

Where a parent/carer has previously been prosecuted for a period of unauthorised leave, unless there is a reason not to, the usual action for a further occasion of unauthorised leave would be to proceed to Court and not to issue a further PN.

In the case of ongoing unauthorised absence, unless it is not in the public interest to proceed, Penalty Notice or legal enforcement action may be taken when the level of unauthorised absence exceeds 10% or more. Penalty Notice payment levels are fixed in law.

However, where there is sufficient reason to allow payment beyond the 28 days, this will be agreed. The decision on whether there is sufficient reason rests with the School Attendance Support Service Prosecution Officer who may agree late payment in order to ensure consistency and fairness.

The duty of instigating court procedures sits with West Northamptonshire Legal Services.

A certificate signed by the head teacher confirming the child's school attendance during the period of prosecution referred to in the summons will be required as documentary evidence by the court. Only unauthorised absence can be used in evidence.

If parents/carers are acting responsibly but cannot ensure regular attendance of their child/children because of the attitude of the child/children then consideration should be given to applying for an Education Supervision Order.

See the following government guidance for more information: [School attendance and absence: Legal action to enforce school attendance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/guidance/school-attendance-and-absence-legal-action-to-enforce-school-attendance)

15.2 Attendance contracts

An attendance contract is a formal voluntary written agreement between a parent/carer and the school to address unsatisfactory attendance at school or alternative provision. The aim from the outset is for the parent/carer(s), the pupil where they are old enough, and the school to work in partnership. The contract will outline attendance targets and will detail agreed actions that will help to achieve the target. The contract will be reviewed regularly.

It is important to note that while an attendance contract is used as an alternative to prosecution, parents/carers who do not engage with the contract and/or fail to carry out agreed targets identified in the contract may be subject to future prosecution. Furthermore, evidence of failure to engage with the attendance contract can be used as evidence in subsequent prosecution.

15.3 Education Supervision Orders (ESOs)

Where a formal attendance contract has not been successful, an Education Supervision Order (ESO) is used as an alternative to provide formal legal intervention without criminal prosecution. Where there are safeguarding concerns, children's social care services will be involved in the ESO.

ESOs are made through the Family or High Court, rather than Magistrates Court. They give the local authority a formal role in advising, helping and directing the pupil and parent/carer(s) to ensure the pupil receives an efficient, full-time, suitable education. For the duration of the ESO, the parent's/carer's duties to secure their child's education and regular attendance are superseded by a duty to comply with any directions given by the local authority under the ESO.

Where parents persistently fail to comply with the directions given under the ESO, they may be guilty of an offence and the local authorities may prosecute under Section 444 (1) Education Act 1996, in the Magistrates Court for persistent non-compliance with the Order and parents/carers (upon conviction) will be liable to a fine of up to £1,000.

15.4 Prosecution

Prosecution in the Magistrates Court is the last resort where all other voluntary and formal support or legal intervention has failed or where support has been deemed inappropriate in the circumstances of the individual case.

It is important that parents/carers realise their own responsibilities in ensuring their child's attendance at school. Section 444 of the Education Act 1996 states that if a parent/carer fails to ensure the regular school attendance of their child, the child is a registered pupil at a school and is of compulsory school age, then they are guilty of an offence.

The school will provide the local authority with evidence required for a prosecution under Section 444 of the Education Act 1996 and will appear as a prosecution witness if required by the court.

A parent/carer found guilty of this offence can be fined up to £2500 and or be imprisoned for a period of three months.

15.5 Parenting Orders

Parenting orders are an ancillary order that can be imposed by the Court following conviction for non-attendance alongside a fine and/or community order. Parents' agreement is not required before an order is made. They may be appropriate where the parent has not engaged in support to improve their child's attendance and where compulsion to do so would help change parental behaviour.

16. MONITORING AND EVALUATION

The implementation of this policy is carried out by the Executive Headteacher, Head of School and Attendance Officer. Changes will be recommended to Governors and ratified by the Full Local Advisory Board.

This policy is published on the school's website and is shared with parents/carers with any initial information when pupils join the school. Parents/carers are reminded of it at the beginning of each school year and when it is updated.

17. REMOVAL FROM THE SCHOOL REGISTER

In accordance with the School Attendance (Pupil Registration) (England) Regulations 2024, pupils can be removed from the school's register when one of the following circumstances applies:

- The pupil has ceased to be of compulsory school age.

- Permanent exclusion has occurred, and the correct process has been completed and the local authority have indicated the pupil can be removed from roll.
- Transfer to a new school. The pupil will not be removed from the register until we have received confirmation of their new provision and evidence the pupil has started.
- The pupil is withdrawn by the parent/carer (in writing) to be educated outside the school system.
- Failure to return from an extended holiday after the school has tried to locate the pupil, continuous unauthorised absence and/or the school has not been able to locate the pupil. The school will complete a Child Missing in Education (CME) application to the local authority.

18. MONITORING ATTENDANCE

Specific measures to monitor attendance must be embedded and regularly checked to ensure the safeguarding of all pupils through specific and tailored interventions. These include:

- Registering pupils accurately and efficiently – recording within the first 5 minutes of every lesson /session on Arbor (electronic platform). In the event this system is down, a paper register will be sent to the school office immediately.
- Setting attendance targets for individual pupils and specific groups, in line with national and trust expectations.
- Monitoring the attendance of vulnerable groups in relation to local and national figures for all pupils.
- Using Pupil Premium funding to address persistent absence and severe absence of disadvantaged pupils and regularly monitoring the impact of such interventions.
- Ensuring a multi-agency approach is in place for all pupils with severe absence.
- Working collaboratively with the School Attendance Support Team.
- Regularly monitoring pupil attendance and punctuality, reporting overall absence, persistent absence rates and severe absence rates for all pupils to the Local Advisory Board and East Midlands Academy Trust (EMAT).
- Rigorously monitoring low attending pupils over time to ensure rigorous intervention strategies are provided and demonstrate positive impact.
- Reporting school attendance statistics to parents/carers, local authority and DfE as appropriate.

19. USING ATTENDANCE DATA

We regularly monitor and analyse weekly attendance and punctuality patterns and trends to identify pupils or cohorts that require support with their attendance and put effective strategies in place including intervention and support in a targeted way to pupils and families. We work collaboratively with parents/carers, local authorities, and other partners when absence is at risk of becoming persistent or severe.

Attendance and punctuality data is used to provide regular attendance reports to class teachers or tutors to facilitate discussions with pupils, and to leaders (including special educational needs coordinators, designated safeguarding leads and pupil premium leads). Pupils who need support are identified and staff efforts are focused on developing targeted actions for these individuals or groups.

Half-termly, termly, and full year data is analysed and monitored to identify patterns and trends of pupils and cohorts. This data is benchmarked (at whole school, year group and cohort level) against local, regional, and national levels to identify areas of focus for improvement.

The impact of specific strategies and approaches to address areas of poor attendance or punctuality are evaluated carefully and findings are used to inform future strategies.

20. ROLES AND RESPONSIBILITIES

Appendix A – Term Time Absence Request Form

Application for Leave of Absence

Working together to improve school attendance advises all schools that they should only grant a leave of absence during term time in exceptional circumstances, considering each request on a case-by-case basis. Although we recognise the value and benefits of family holidays, it is unlikely a leave of absence will be granted for a family holiday as the Government ‘does not consider a need or desire for a holiday or other absence for the purpose of leisure and recreation to be an exceptional circumstance’.

Absence requests must be made at least 5 days in advance, otherwise we will be unable to consider your individual circumstances, and the absence will be recorded as unauthorised.

Our aim is for every pupil’s attendance to be 100% unless there are exceptional or unavoidable reasons for absence. If you require any support with ensuring your child’s attendance, please contact Laura Attridge on Office@orchard.emat.uk

As a parent/carer you are strongly urged to avoid taking children out of school during term time. If, however, it is unavoidable then you should fill in this form and return it to the school.

All requests will be considered separately including the timing of the absence being requested (e.g. time leading up to tests, the number of previous requests, whether the absence could reasonably have been served during the school holiday). If it is felt that it would be detrimental to your child’s educational progress or coincides with statutory tests or exams, then leave would not normally be agreed

If permission has been withheld, then any leave taken will be unauthorised. Any unauthorised absence will appear in both the school register and records. Unauthorised absence may result in a Fixed Penalty Notice, the involvement of the Local Authority or Courts.

Dear XXX

At [school/setting] we believe that working together is the key to ensuring all pupils can achieve their full potential. Good attendance is vital for pupils' development in the Early Years and we regularly review attendance to ensure every pupil is getting the most from their education.

Appendix E – First Response Procedure

Our first response procedure ensures all pupil absences are promptly followed up to safeguard pupils, identify barriers to attendance, and ensure no pupil misses out on education due to avoidable absence.

I. Morning Registration

Objective: take accurate attendance for all pupils.

Action: attendance registers are taken promptly at the start of each session. Pupils' attendance status is recorded as:

- Present
- Absent
- Attending an approved off-site activity (if applicable)
- Unable to attend due to exceptional circumstances (e.g., severe weather conditions, medical emergencies).

System: attendance is recorded electronically using Arbor and all attendance codes are checked for accuracy.

II. First Day absence follow-up

Objective: Identify reasons for absence and ensure pupils are safe.

Action:

- By 9am if a pupil is absent and no reason has been provided, a member of staff (attendance officer or designated staff member) will contact the parent/carer by phone to confirm the reason for absence and discuss expected return.
- If contact is not made by phone, a text message or email will be sent, requesting the parent to provide the reason for the absence.
- For Vulnerable Pupils:
If the pupil is identified as vulnerable (e.g., SEND, looked after child, social care involvement), a home visit may be required on the same day if contact cannot be made through other means.

III. Afternoon registration (if applicable)

Objective: confirm the attendance of pupils during the afternoon session.

Action:

- Attendance should be taken again during the afternoon session.
- If a pupil is marked absent and no contact has been made by the morning, follow-up actions should continue as outlined above.

IV. Escalation Procedures:

If a pupil remains absent for **two consecutive days** and no contact has been made:

By Day 2:

- A **second contact attempt** (phone call, text, email) should be made to the parent/carer.

- If no response is received, a **home visit** should be planned to ensure the pupil is safe and the reason for absence is understood.
- **By Day 3:**
 - If no contact has been made by the third day, escalation to a **Safeguarding Lead** or **Designated Safeguarding Lead (DSL)** may occur to assess whether further safeguarding concerns exist.

V. Special considerations for Vulnerable Pupils:

For pupils with known vulnerabilities (e.g., SEND, looked after children, children with social workers):

- **Daily follow-up:** The school should prioritise **daily checks** and, where necessary, involve **external agencies** (e.g., social services, multi-agency support teams).
- **Home visits** should be conducted promptly, regardless of contact attempts, to ensure the child's welfare.
- All home visit details must be documented on the **school's safeguarding platform** (e.g., MyConcern/Arbor).

VI. Ongoing monitoring and support

- After the first day response:
 - If attendance does not improve after initial follow-up, a partnership plan should be established, involving parents, pupils, and external support services (as needed). This may include arranging a meeting to discuss strategies for improving attendance, with input from school staff, the attendance team, and other key personnel.
 - For persistent or severe absence, further interventions such as attendance contracts or referral to the local authority attendance support team should be considered.
- Weekly review:
 - All pupil absences should be reviewed weekly by the attendance team to identify trends and patterns.
 - Frequent absentees should be monitored, and action plans should be created to engage families and support the pupils in returning to school.

VII. Data recording and review

- Attendance data must be recorded accurately in the school's system and used for **weekly and termly reviews**.
- Schools should report on overall attendance, patterns of absence, and any support interventions during **Governance Meetings** or other **stakeholder meetings**.
- **Data review:** Schools should analyse patterns of absence by:
 - **Individual pupils**
 - **Cohorts** (e.g., year groups, SEND, FSM, vulnerable pupils)
 - Specific times or days of the week where absence may peak.

This data is shared with relevant stakeholders (e.g., school leadership, governors, local authorities) to inform decision-making.
